

CAFOD

The Parish continues to support Cafod generously, both in terms of the regular Fast Day collections and also when it comes to emergencies.

As you will have heard last Sunday, the need continues to be great, particularly in South Sudan at the moment.

Perhaps some of you were unaware until Therese spoke of it, of the advocacy and campaigning that Cafod carries out on issues such as debt relief and climate change. I do try to pass on information about these as they reach me. It is now very easy to add one's voice to these campaigns via the internet.

I hope that parishioners sometimes go onto the Cafod website to see the tremendous good their support provides and the stories of the people they help.
