Implementing the Synod:

Becoming a synodal missionary Church in and around Herefordshire

Sat 18 January 2025 - Full Day 10am-4pm (Bring packed lunch)

The 3-year 'Synod on Synodality', one of the most important events in the life of the modern Church, concluded at the end of October with a big assembly of bishops and others in Rome. One of the 'experts' at the assembly, Austen Ivereigh, will help our parishes receive the fruits of the synod in two separate sessions. The first will explain the reason for the synod and what it means for our future. The second will focus on how we can put "synodality" into practice in our parishes and deanery. All are welcome.
